GIT 480 Senior Project (outline for now)

By Griffin Hearn

Project Explanation and Thought Process

Explanation and objectives

Project Explanation and Thought Process (Cont.)

Original Website

Analysis of original website here

Project Wireframe

Project Wireframe goes here

New Design Analysis

Screenshots and explanation of design elements here

Link / Window to Real Website

This is where we interact with the actual website made. This is will take a few minutes as I will go through each feature and design decision made.

Before / After Slide

Side by side comparison, left side original, right side new design
